THE

GLOW

GOENKANS LLOYDS OPEN WINDOW

THIS BEING THE THIRD GLOW OF OUR SCHOOL, I THOUGHT OF HIGHLIGHTING THE KEY ASPECT OF SCHOOLING "HOLISTIC EDUCATION"

HOLISTIC EDUCATION IS AN APPROACH TO LEARNING THAT FOCUSES ON THE OVERALL DEVELOPMENT OF A STUDENT RATHER THAN ONLY ACADEMIC ACHIEVEMENT. IT AIMS TO NURTURE INTELLECTUAL, EMOTIONAL, SOCIAL, PHYSICAL, CREATIVE, AND SPIRITUAL ASPECTS OF A LEARNER. THE GOAL OF HOLISTIC EDUCATION IS TO HELP STUDENTS BECOME WELL-ROUNDED INDIVIDUALS WHO ARE CAPABLE OF THINKING CRITICALLY, SOLVING PROBLEMS, AND CONTRIBUTING POSITIVELY TO SOCIETY.

IN OUR SCHOOL WE CREATE AN ENVIRONMENT WHERE TEACHERS ENCOURAGE CURIOSITY, CREATIVITY, COLLABORATION, AND SELF-AWARENESS. INSTEAD OF FOCUSING ONLY ON MEMORIZATION AND EXAMINATIONS, STUDENTS ARE GIVEN OPPORTUNITIES TO EXPLORE THEIR INTERESTS, PARTICIPATE IN DISCUSSIONS, WORK ON PROJECTS, AND ENGAGE IN ACTIVITIES SUCH AS ARTS, SPORTS, AND COMMUNITY SERVICE. THIS HELPS OUR LEARNERS DEVELOP IMPORTANT LIFE SKILLS SUCH AS EMPATHY, COMMUNICATION, TEAMWORK, AND RESILIENCE.

HOLISTIC EDUCATION ALSO EMPHASIZES THE CONNECTION BETWEEN LEARNING AND REAL-LIFE EXPERIENCES. IT RECOGNIZES THAT EVERY CHILD IS UNIQUE AND LEARNS IN DIFFERENT WAYS. THEREFORE, TEACHING METHODS ARE FLEXIBLE AND INCLUSIVE, SUPPORTING DIVERSE LEARNING STYLES AND ABILITIES.

BY ADDRESSING THE MIND, BODY, AND SPIRIT OF THE LEARNER, HOLISTIC EDUCATION PREPARES STUDENTS NOT ONLY FOR ACADEMIC SUCCESS BUT ALSO FOR RESPONSIBLE CITIZENSHIP AND LIFELONG LEARNING. WE AIM TO CREATE BALANCED INDIVIDUALS WHO CAN LEAD MEANINGFUL, ETHICAL, AND FULFILLING LIVES IN AN EVER-CHANGING WORLD.

LEARNING BEYOND BOOKS: SKILL EDUCATION AT GD GOENKA LLOYDS PUBLIC SCHOOL

Education is not just about marks—it is about shaping confident, compassionate, and capable individuals. The National Education Policy (NEP 2020) and CBSE's recent notifications have emphasized skill education as the cornerstone of modern schooling. At GD Goenka Lloyds Public School, we have embraced this vision wholeheartedly in the academic year 2025–26, creating opportunities for our students to learn by doing, experiencing, and serving.

Skill Education in Action

NEP 2020 encourages schools to integrate pre-vocational and skill-based learning from middle school onwards, so that children develop respect for all forms of work and practical independence. CBSE's latest circulars have made skill subjects mandatory in Classes VI–VIII, supported by NCERT's "Kaushal Bodh" textbooks and CIET's digital learning modules. We translated this vision into reality through a vibrant set of clubs and outreach programs that gave our students hands-on experiences beyond the classroom.

Our Skill Clubs

- **Cookery Club:** Students explored the joy of cooking, learning teamwork, nutrition, and creativity.
- **Science & Research Club:** Young minds experimented, asked questions, and discovered the thrill of inquiry.
- **IT Club:** Coding, robotics, and digital literacy prepared students for the future of technology.
- **Literary Club:** Reading, writing, and debating sharpened communication and critical thinking.
- **Home Décor Club:** Creativity met practicality as students designed and decorated spaces.
- **Life Skills Club:** Everyday problem-solving, decision-making, and emotional intelligence were nurtured.
- **Eco Club:** Students took responsibility for the environment, from recycling projects to conservation drives.
- **Art & Craft Club:** Hands and hearts worked together to create beauty and express imagination.

Community Outreach

Skill education is not complete without compassion. Our students stepped out of the school gates to connect with society:

- Visiting **old age homes** and **animal shelters** to learn empathy.
- Running **awareness campaigns for tiger conservation** and understanding the **role of a policeman**.
- Organizing a **Diwali donation drive** to support those in need.
- Conducting a **literacy drive** for underprivileged children from the nearby labour camp, teaching them the basics of reading and writing.

These experiences taught our students that skills are not just tools for careers—they are bridges to humanity.

Impact on Students

Parents often ask: What difference does skill education make? The answer lies in the smiles of children who proudly cook a meal, design a project, or teach a younger child to read. It lies in the confidence of a student who speaks up in a debate, or the compassion of one who comforts an elderly person. These are the life-ready skills that NEP 2020 envisioned, and that our school is nurturing every day.

✓ Closing Thought

Skill education is not about replacing academics—it is about enriching them. At GD Goenka Lloyds Public School, we believe that every child deserves the chance to discover their talents, sharpen their abilities, and grow into a responsible citizen. Together, with parents and teachers, we are building a future where learning is joyful, purposeful, and deeply human.

HOW CAN I BE A GOOD PARENT?

A PRINCIPAL'S PERSPECTIVE ON NURTURING HAPPY, CONFIDENT CHILDREN

Parenting doesn't have a single "perfect" method, but some principles consistently help children grow into confident, emotionally healthy adults. Here are practical parenting tips that work across different ages.

1. Build a Strong Emotional Connection

Children thrive when they feel safe and loved.

- * Spend daily one-on-one time with your child [even 10–15 minutes].
- * Listen without interrupting or immediately correcting.
- * Acknowledge feelings: "I understand you're upset."

2. Be Consistent With Rules

Kids feel more secure when expectations are clear.

- * Set simple, age-appropriate rules.
- * Be consistent with consequences.
- * Avoid changing rules depending on your mood.

3. Model the Behavior You Want

Children learn more from what you do than what you say.

- * Show respect when talking to others.
- * Demonstrate patience and problem-solving.
- * Practice healthy habits [reading, exercise, kindness].

4. Encourage Independence

Let kids try things themselves.

- * Allow them to make small decisions [clothes, hobbies].
- * Give age-appropriate responsibilities.
- * Praise effort rather than only results.

5. Use Positive Discipline Instead of Punishment

Focus on teaching rather than scaring.

- * Explain why a behavior is wrong.
- * Offer alternatives: “Instead of hitting, use your words.”
- * Reinforce good behavior with praise.

6. Create Healthy Routines

Routines help children feel stable.

- * Regular sleep schedule.
- * Consistent meal times.
- * Homework / play balance.

7. Limit Screen Time

Too much screen exposure affects sleep and attention.

- * Set tech-free times [meals, bedtime].
- * Encourage outdoor play, reading, and hobbies.

8. Teach Emotional Skills

Help children understand feelings.

- * Teach them to name emotions.
- * Show healthy ways to handle anger or frustration.
- * Encourage empathy toward others.

9. Keep Communication Open

Make your child comfortable sharing anything.

- * Ask open questions like “What was the best part of your day?”
- * Avoid overreacting so they feel safe telling the truth.

10. Take Care of Yourself Too

Good parenting requires energy and patience.

- * Get enough rest.
- * Ask for help when needed.
- * Maintain your own interests and friendships.
